

# AMEC/TEAC

## Logo Contest

The Canadian Federation of AME Associations (CFAMEA) was created to bind the regional associations together into a cohesive working group, formed for the purpose of giving a collective voice to all Aircraft Maintenance Engineers. Our first step is to re-brand and re-focus the current framework of CFAMEA, reinstated as the Aircraft Maintenance Engineers of Canada (AMEC) - Techniciens D'Entretien D'Aeronefs du Canada (TEAC). The contest is open to the public and the winning logo will be selected in August 2019 and awarded \$250.

Submission Deadline: **July 31, 2019**
